

Do you, or someone you know, have trouble performing a basic task or routine due to a physical limitation?

Is there an activity that you, or someone you know, would like to do but can't due to a disability? If so...

May We Help creates assistive devices for those with disabilities.

Skilled volunteers design, develop, and fabricate uniquely tailored devices that allow individuals to pursue their passions- and realize their dreams.

At no cost to the recipient.

If you, or someone you know, needs help... request a solution.

TAKE LIFE TO THE NEXT LEVEL

Our services are **free and easy**. One quick form opens up a world of possibilities.

To help **Richard ride a bike!**

To help **Brandon be a performer!**

To help **Grace Anna be a chef!**

Looking for a way to become more independent? Or do activities that bring you joy? At May We Help, we provide custom one-of-a-kind solutions - **for free**.

Modified Equipment

- Wheelchairs
- Bikes
- Walkers
- Lifts

Custom Solutions

- Sensory chairs
- Modified toys
- Music instruments
- Sports equipment

And more!

How it works:

1. Complete a short online form. Tell us your goal and the challenge you face.
2. We arrange an initial visit with you where you are - no transportation necessary!
3. Our volunteers design, build and deliver a device to help you reach your goal.

Request a free custom solution or free adaptive equipment at our website www.maywehelp.org or call us at 513.834.6443.

In 2022, we helped **589** people pursue their passions.

“ When I heard about what May We Help does, I felt hope. ”
- Mom

May We Help (MWH) is a game-changer for people with disabilities who are striving to become more independent or pursue a passion.

The problem MWH clients face is that - in order to become more independent or pursue a passion - they require a device that isn't available commercially, or they require a modification to an existing device. So MWH's team of volunteers step in!

They are engineers, designers and inventors, welders, woodworkers and seamstresses, doctors, occupational and physical therapists who design, build and deliver hundreds of one-of-a-kind custom devices every year - and always at no charge!

To request a custom solution or device modification, visit the MWH website
www.maywehelp.org
