

# Helping Families care for their loved ones

## The PASCO Family Caregiver Program

PASCO has been providing services and supports since 1992. Founder Barry Rosenberg collaborated with parent advocates and Colorado lawmakers in 2001 to establish a program so family members can be paid to deliver care to a loved one.

## There are 4 ways to access the Family Caregiver Program

### Family Member as a CNA (Certified Nursing Assistant)

A family member can become a CNA caregiver and support their family as a PASCO employee.

### IHSS Attendant (In Home Support Services)

Bypass CNA school and provide qualifying services at CNA level and above.

### Pediatric Personal Care

This program gives the parent a break and pays someone they trust - a friend or relative - to provide care as a PASCO employee.

### Intellectual / Developmental Disabilities

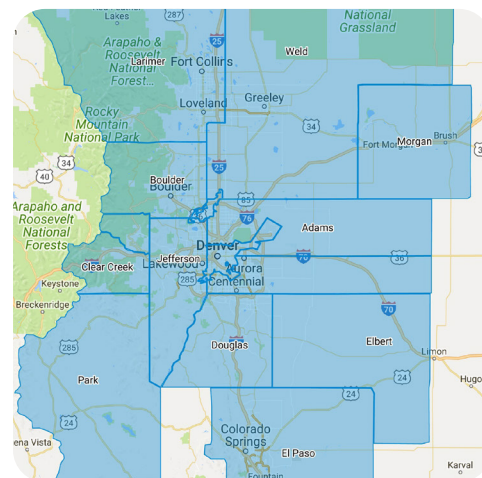

As a Direct Service Provider (DSP) a family member works with their loved one to develop greater long-term independence.

## PASCO Benefits

Family Caregivers are entitled to benefits such as:
