MEET THE OWNERS

Hello from T and his mama!

We started our business back in October of 2021. It began as a sample task for T to learn vocational skills and soon enough people in our circle fostered the idea of turning this into a business! The sole purpose for starting this venture was to provide T a meaningful and inclusive employment opportunity that he can look forward to. T is a teenager and currently attends a private school for Autism. I'm a full time mama and full time business owner. I love what I do and I enjoy helping other kids on the spectrum learn trade skills.

T loves all yard equipment and his favorite colors are orange and blue. Mama is a craft and baking enthusiast! Let's be friends. 😊
